PART I | OVERVIEW

KAZGUU University (previous name - Kazakh University of Humanities and Law) was founded by the Decree of the President of the Republic of Kazakhstan on March 14, 1994 as the joint stock company with the participation of the Ministry of Education and Science of the Republic of Kazakhstan. It is located in Astana the capital city of Kazakhstan.

The HSE Mission: The HSE offers the high quality educational programmes in Economics, Management, Finance, Accounting and Audit, Psychology and Translation and Interpreting Studies. We continuously improve the academic quality of the programmes through integrating into international educational area, professional development of our faculty and staff and effective cooperation with the alumni, employers and other stakeholders. We ensure that our graduates are well prepared to succeed in the labour market as they demonstrate high level of critical thinking and are able to manage the information flows effectively.

The HSE Vision: by 2019 the HSE will become one of the leading schools in Kazakhstan offering the world-class educational programmes and demonstrating 100% of the graduates’ employability.

The HSE Goals:
- to improve employer satisfaction with the HSE graduates’ level of competencies;
- to implement international educational standards;
- to enhance academic quality of the programmes;
- to attract part-time lecturers/industry experts/professionally certified/Bolashak Programme Alumni;
- to introduce programmes in three languages (English, Kazakh and Russian);
- to implement academic freedom;
- to finalize transition into ECTS;
- to improve practical orientation of the programmes;
- to increase the programmes internationality through attracting international students and faculty, introducing dual-degree programmes and increasing amount of literature in English;
- to improve Employer/HSE cooperation;
- to improve Alumni relations/Alumni Club;
- to maintain the Academic Quality Assurance;
- to introduce and continuously implement Merit Based Performance Appraisal;
- to foster the faculty professional development through motivating the faculty to get academic and international professional certificate programmes;
- to foster international collaboration through Alumni Club, Economists’ Club, Leadership Development Programme, A-Step to Graduate, Youth World Economic Forum.

Objectives:
- to encourage the recognition of academic programmes by employers with the focus on international academic programmes;
- to align curriculum with the requirements of the international standards;
- to use case study technology in education;
- to attract practitioners in teaching;
- to provide analysis of the achieved learning outcomes in accordance with the syllabus;
- to teach in three languages;
- to ensure a step-by-step transition to the principles of academic freedom;
- to introduce ECTS technologies;
- to strengthen the practical orientation of academic programmes;
- to expand the international relationships by attracting international students, teachers, to develop double degree programmes and expand the library stock (collection);
- to develop research competencies of students;
- to attract invited professors, practitioners and experts;
- to improve the work in the field of employment and communication with graduates;
- to strengthen the cooperation and partnership with employers;
- to accomplish the work in the quality assurance;
- to stimulate faculty to publish research papers/articles in leading international scientific/research journals and magazines;
- to organize scientific/research conferences and seminars;
- to stimulate the involvement of students in research projects;
- to motivate faculty/teaching staff for going through/receiving the internationally recognized professional certification;
- to involve the graduates of leading universities in education process, as well as other certified specialists/experts (ACCA, DipIFR, CFA, PMI, CIPD, CIL and others);
- to motivate faculty to participate in the international educational projects, internships and programmes;
- to develop the Alumni Club;

KAZGUU University has three schools (faculties) providing training on 10 academic programmes at the level of Bachelor, Master and Doctoral (PhD) studies:

- The School of General Education;
- The Higher School of Law;
- The Higher School of Economics.

PART II ADMISSION POLICY AND REQUIREMENTS

ADMISSION PROCEDURES

Higher School of Economics (HSE) seeks to enrol academically qualified high school students with outstanding academic records, who are able to achieve high results in a professional field. The following Admission Policy and Requirements for applicants are based on the HSE Academic Policy and the Standard of the Ministry of Education and Science (MES) of the Republic of Kazakhstan.

Applicants’ Responsibility
HSE applicant must assume full responsibility for rules and regulations of the school and programme requirements for the chosen degree programme.

Admission Procedures for the Undergraduate Programmes
1. An applicant should submit all paper documents to KAZGUU University.
2. An applicant should meet all HSE academic programme requirements:
   - entry English proficiency requirement
   - entry major exam (Mathematics/English)

General Admission Requirements for all Undergraduate Degree Programmes as stated by the Ministry of Education and Science
To be granted admission to HSE, a perspective student must have:
- Completed application form
- High school diploma (original)
- 6 photos, size 3x4
- Completed Medical form 086-У (X-ray examination)
- Official high school transcript
- Unified National Test (UNT/CT) certificate (at least 50 points)
- Personal Statement (only for Translation Studies Applicants 250-300 words)
- Interview (only for Translation Studies Applicants)
- UNT official certificate
- Certified copy of ID
- Registration military certificate

*Applicants who do not meet this deadline may not enrol until official documents are received

English Language Requirements (Except for 5B020700 – «Translation Studies»)
HSE applicant should take English Proficiency Test.
If the applicant provides Academic IELTS of 3.0 (A2 Pre-intermediate) band score or more, he/she doesn’t take English Proficiency Test.
Test consists of four sections: reading (10 questions - 30 minutes), listening (20 questions - 30 minutes), interview (15 minutes), essay (250 words - 60 minutes).
The test takes place in the KAZGYU University from July 1 to August 20, 2017. Test costs 5000 tenge.
There will be paid courses of the summer language school from June 20, 2017 (72 hours) at the KAZGYU University for applicants who want to improve own English.
After completing the English preparatory courses at the summer language school of KAZGYU University, the student passes the exam again on a free basis. The dates of re-examination: 22, August 24, 2017.

The students gain Bachelor degree if he/she meets all the requirements of HSE.
**Change of Grades**

If the instructor has already submitted a grade, the changes can be made only with approval of the Dean of HSE. The instructors are in charge of submitting the individual in charge of the undergraduate programme and must be submitted to Platonus.

It is recommended to follow the Transfer Requirements for HSE students enrolled in 2013 and 2014. The provisions of enforce the Academic Integrity reflect in the Academic Policy and Code of Conduct of KAZGUU University.

**CHANGE OF MAJOR/INTERNAL TRANSFER REQUIREMENTS**

There are several ways students may change their major. In such cases, undergraduate students should submit an application to the SSC office within the period of no later than 15 days prior to the beginning of the academic year.

To change from one degree to another a student should consult their advisor for guidance and submit an approved decision from QAC, HSE. The change is possible after completing the first semester.

Students shall meet the following criteria:
- GPA must be no less than 2,0;
- *Fundamentals of the Theory of Economics* course should be on a pass basis
- at least 7 points on Mathematics according to the UNT/KT certificate for such majors as 5B050700 Management, 5B050800 Tourism;
- at least 12 points on Mathematics according to the UNT/KT certificate for such majors as 5B050600 Economics, 5B050800 Accounting and Audit, 5B050900 Finance;
- at least 21 points on English Language Test, or IELTS certificate 5,0 for students of such majors as 5B050700 Management, 5B050800 Tourism; 5B050600 Economics, 5B050800 Accounting and Audit, 5B050900 Finance;
- at least 17 points on Russian/Kazakh/ English Language Test according to UNT/ KT certificate or IELTS certificate 5,0 for Translation Studies major.

**NOTE:** in case a student doesn’t meet the above mentioned criteria but he/she is still willing to enter the programmes such as Economics, 5B050800 Accounting and Audit, 5B050900 Finance, he/she is recommended to take Mathematics course (60 academic hours) for additional payment at the HSE preparatory centre.

**Transferring to a New University**

**If the 1st-year students plan to transfer to the majors of HSE they shall:**

- meet the above mentioned requirements;
- pass the required courses that shown below (see Table 6);
- consult the advisor and get the approval of the QAC, HSE in order to clarify the difference in academic performance and achievements of the submitted transcript by taking into account the amount of ECTS credits and prerequisites.

ENTRY REQUIREMENTS FOR INTERNATIONAL STUDENTS

HSE welcomes the great diversity of international faculty and students and we are thrilled that you are considering HSE, KAZGUU University for your education. We invite you to explore what it is like learning at the HSE and living on our campus in Astana, Kazakhstan.

Application Timeline
International students must apply through an online application which will be open for all current and perspective undergraduate students of HSE from July 1st to October 1st (Spring Semester) and from January 1st to May 1st (Fall Semester). Your application will go through competitive selection criteria. Students who are best academically qualified will be eligible to enroll. GPA and Language requirements are main objectives of academic qualification.

Students should contact with an advisor before the application deadline in order to clarify the transfer credits and the courses.

English Language Requirements
If English is not your first language, it is essential that your English language skills are good enough for you to take an intensive and challenging academic course that is taught and examined in English. Therefore, you may be asked to achieve one of the formal qualifications listed below as part of the conditions of your offer*.

- IELTS – a minimum overall grade of 5.0
- TOEFL IBT – a minimum 75 points
- TOEFL PBT – a minimum 500
- English: Proficiency – grade A or B.
- SAT: at least 650 score

*If you don’t have one of these formal qualifications but you are currently being taught in English, please contact one of the advisors for advice.

Credential Evaluators
HSE requires the official status of your school and need to verify the authenticity of documents such as:
- transcripts (A copy of the original transcripts should accompany the translation)
- two recommendation letters
- Personal Statement (500 words)

Visa Information
Advisory Office and the Student Service will provide detailed information to the international applicants.

Proof of Financial Support
Students should provide a Certified bank Statement in English verifying that they have sufficient funds available for their education.

Medical Care & Health Insurance
All students who decided to enrol to HSE, KAZGUU University must submit a completed health history form through Student Health Centre.
HSE requires international undergraduate students to purchase health insurance.

**Campus Accommodation**
If you are one of the enrolled students and you are planning to stay on campus, it is better to book a room in advance to make sure it suits your requirements before you arrive.
For more information on booking the room, please contact the Centre of Student Affairs.

**UNDERGRADUATE ACADEMIC COURSE LOAD**
According to the Academic Calendar every student registers online for the Fall/Spring Semester in the AIS Platonus in order to assign the individual credit load. Table 12 demonstrates the undergraduate credit load per semester.

*Table 12.* The required number of credits per semester.

<table>
<thead>
<tr>
<th>№</th>
<th>Semester</th>
<th>Minimum number of ECTS/credits</th>
<th>Maximum number of ECTS/credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>1 – 2</td>
<td>30/18</td>

<td>8</td>
<td>0</td>
<td>10/6</td>
</tr>
<tr>
<td>4</td>
<td>Summer School</td>
<td>0</td>
<td>10/6</td>
</tr>
</tbody>
</table>

Based on the credits acquired early by the undergraduate students who retake the 7th or 8th semester classes, the cumulative number of credit load must be determined on the individual basis.
If the student does not register for the minimum number of credits per semester and does not take academic leave, he/she can be expelled from the University according to the academic failure.

PART III  THE HSE ALUMNI CLUB BY LAWS

General Provisions
"Higher School of Economics Alumni Club, KAZGUU University", hereinafter referred to as "Club", is a voluntary association created on the basis of joint activity of graduates, students, teachers and administration of the HSE (the School). The club carries out its activities in Astana city for an indefinite period of time.
Club Activities are based on the principles of equality of its members, voluntariness, transparency and legality.

Goals and Objectives of the Club:
– improving competitiveness and attractiveness of education provided by the HSE;
– development and strengthening of traditions, values, norms of corporate culture of the Schools;
– comprehensive assistance in the development of HSE as the leader of economic education;
– enhancing the role of the School on the national and international scene of education;
– providing all possible support to graduates in enhancing their social status and assistance in achieving their success in various professional fields;
– involving graduates in decision-making on strategic directions of development of the School and the University;
– promoting vocational training and re-training of alumni, students and faculty of the School;
– organization of receptions, presentations, press conferences, guest lectures, and reunions of the HSE;
– participation in scientific conferences, seminars, competitions held within the HSE;
– rendering students in work experience internship, job search, conducting "round tables", seminars, discussions in order to share experience;
– participation in the learning process: delivering lectures, conducting seminars on subjects covered in the specialties curriculum;
– assistance in attracting sponsorship.

Members of the club
The graduates of the HSE of KAZGUU University who acknowledge the Charter and participate in the activities of the Club may become members of the Club.

Club members have the right to:
– participate in the activities of the Club;
– receive information about activities involved in the development of core activities, plans and programmes of the Club;
– submit proposals for improving the Club to the Club Council;
– voluntarily withdraw membership by notifying the Club Council in written form.

Club members are required to:
– comply with the requirements of the Charter;
– participate in the events organized by the Club.

The highest governing body of the Club is the Club Council. The Meeting is convened at least 1 time per year.
The Council consists of a maximum of 15 members, including:
– 4 representatives of the HSE;
– 11 representatives from Alumni.
Representatives of the HSE include:
1. The Director of the Higher School of Economics
2. The head of the Department "Finance, Accounting and Auditing"
3. The head of the Department "Economics, Management and Tourism"
4. The Head of the Department "Social and Psychological Studies"
5. The Head of the Department "Translation Studies"

Representatives of alumni are the bodies who are supportive of the goals and activities of the Club Council. Additional meetings of the Council may be convened at the discretion of the Chair. One third of the members of the Council shall constitute a quorum.
# PART IV THE PROGRAMMES OF THE HSE

## GUEST LECTURERS OF THE LEADERSHIP DEVELOPMENT PROGRAMME

The HSE invites Guest Lecturers minimum once a week within the Leadership Development Programme. The list of Guest Lecturers includes company representatives, public authorities, and international professors from the areas related to the students’ fields of study. The examples include:

**INTERNSHIP PROGRAMME**

*A. Introduction*
To facilitate the transition from academic study to a professional career, CDCC joins in partnership with the business community to provide the final learning experience, the internship, for the student. The internship is an opportunity to transfer and apply the knowledge and theory gained in the classroom to actual business setting. The best way to learn to function as a professional is to work as a professional in the field. In this setting, the student can practice skills, apply knowledge, and test theories and concepts under the guidance and supervision of experienced professionals. The internship provides students with an opportunity to grow professionally, identify personal strengths and weaknesses, apply learned theory to practical situations, and gain an appreciation of the role, duties, and responsibilities of the work that the student has chosen as a career. The internship is designed cooperatively by CDCC, the university faculty, field professionals, and the student to provide an experience that is mutually beneficial to both the Intern and the organization. Internship supervisors within the organization become the final link in the development of the Intern as a new professional. This partnership creates the ultimate educational experience.

*B. Objectives of the Internship*
The purpose of the internship programme is to provide the student (future professional) with a wide-ranging practical experience in a setting where learning is the primary objective of the experience. Therefore the basic purposes of the internship are:

FOR THE STUDENT: to complete his/her professional preparation programme in supervised field experience.

FOR THE UNIVERSITY: to support and guide the student through the experience while the student applies theoretical knowledge to practice.

FOR THE ORGANIZATION: to provide a comfortable work environment for the experience as well as professional mentorship.

At the end of the internship experience, it is expected that student achieve following outcomes:

1. Systematize and consolidate knowledge obtained during the training period.
2. Identify and analyse basic supervision concepts.
3. Apply professional management skills and meet performance standards of the profession.
4. Apply basic concepts of management and administration.
5. Acquire knowledge of professional competencies needed to succeed in the field.

*C. Description of Internship placement process*
In the beginning of the fall semester, an Internship Placement Process Orientation is held to inform senior students of the internship requirements and the placement process procedures. Additional information is available on HSE website in CDCC section. Following this meeting, students are asked to complete the "Intent to Intern" form.(Available on HSE website and at CDCC office) The student is asked to list three to five potential organizations on the "Intent to Intern" form. After completing the form and...
related materials, the student schedules an individual meeting with internship coordinator. At this meeting the student’s internship eligibility is determined and possible internship organizations are selected which will meet the student’s professional development objectives. If student desire to seek internship organization individually, he/she must receive formal approval from internship coordinator CDCC to contact the potential agencies and set up interviews. CDCC coordinator contacts each of the identified and approved organizations and checks to see if the organization is willing to accept an Intern. If these conditions are met, CDCC makes an interview appointment if necessary by the organization. If required by the organization, student meets with organization HR representative to determine the most appropriate internship. When the Internship Coordinator and student have made the final organization selection, contracts are prepared by the Corporate Development and Career Centre and signed by the student, the organization representative, and the Internship Coordinator. Then and only then is student internship placement process officially complete.

Step 1. Complete the Intent to Intern Form
Step 2. Student meets with the HSE Internship Coordinator
Step 3. A Contract between the receiving organization, HSE and an Intern is prepared and signed

D. Student eligibility requirements

Higher Schools of Economics students are required to complete and pass exam session in order to be eligible for an internship. The following procedures, tasks are to be used in preparation for internship placement. It is the student's responsibility to ensure that all procedures have been followed and that deadline dates have been met.

Each student should:
1. Pass all exams;
2. Attend “A” Step to Successful Career Programme - get a certificate;
3. Choose internship organization;
4. Sign documents with CDCC and Organization;
5. Attend 10 weeks of internship at the organization;
6. After completing internship hours, each student required to write a report and support it with all necessary information;
7. Present internship result report to the university committee;

Result report must be approximately 20-30 pages length and should be written in accordance with state standard.

Committee members make a decision after reviewing internship report of each student and grade it.

Standard evaluation criteria of the report are:
* The level of student theoretical understanding of the goals, objectives, contents, methods of the organization;
* Quality of the internship results report;
* The extent and quality of the professional skills acquired by the student;
* The level of professional conclusions and recommendations made by the student during the internship.

*Note: Internship grade marks separately in the transcript.

E. Organization eligibility requirements

To ensure appropriate internship placement, the organization must meet the following requirements:
1. Be approved by HSE CDCC, student’s Faculty Intern Advisor, Internship Coordinator, & Department;
2. Be a work setting environment with clear job responsibilities applicable to employment duties;
3. Provide an intern supervisor with qualifications;
4. Provide supervision and mentorship contributing to professional development;
5. Provide opportunities to participate, observe, and learn corporate culture of the organization;
6. Be willing to participate in the Intern evaluation process;
7. Be available for mentoring through ten weeks of student internship;
8. Provide resources necessary to support intern in the satisfactory completion of his or her goals and objectives, and the completion of assigned duties/tasks (e.g., equipment, materials, work space);
F. Internship Learning Outcomes
- Apply academic knowledge in a professional setting;
- The main goal of an HSE internship is to offer student an opportunity to use knowledge gained in the classroom to solve real-world problems in a professional setting;
- Gain an understanding of an organizational structure of the company, its activities, and the basic functions of production/service and management units;
- Gain experience in professional field and understanding of job responsibilities;
- Understand needs of the profession;
- Observe and understand professional organizational culture;
- Learn corporate dynamics, decision-making process, power-sharing and distribution, colleagues’ interaction;
- Outline professional goals and learning outcomes;
- Develop skills of self-assessment - identification of new areas for growth;
- Develop a mentoring relationship with professional network;
- Practice communication skills: learn to listen, accept criticism and utilize feedback.

* Part of internship learning outcomes, CDCC utilizes «A» Step to Successful Career programme This seminar is for graduates of the Higher School of Economics and is aimed to develop the skills of successful positioning and promotion in the job market. The programme helps students prepare for the job hunting process and develops the necessary skills such as time management, interview preparation, CV/cover letter writing tips, presentations, etc. Participants of the programme receive a certificate of attendance and an additional credit towards Internship grade.

G. Transfers/Termination
In rare circumstances, an Intern will be allowed to transfer or terminate an internship placement. This action will be taken only with the final approval of the CDCC Chair and HSE Chair after meeting with the Intern, Faculty Supervisor, and Organization Supervisor and only after it is agreed that it is in the best interest of all those involved.

H. Intern compensation
It is the Department’s philosophy that a high degree of professionalism must be maintained in the Internship programme. We believe that this attitude is maintained by a strong professional commitment and a close working relationship between and among the Intern, the Organization, and the CDCC and faculty. We also believe that this idea can best be accomplished by a voluntary commitment on the part of the Intern; at the same time, though, we recognize the financial obligation required of Interns. Therefore, the following policy is established: Higher School of Economics CDCC allows an Intern the opportunity to receive compensation from the Organization during Internship. Possible compensation shall be negotiated between the Intern and the Organization during the contracting signing phase and shall be clearly stated on the Intern Contract and approved by the CDCC. Although recognizing that compensation is an arrangement between the Intern and Organization, HSE CDCC reserves the responsibility to ensure that the Internship experience fulfils the goals and expectations of the Department. If a problem arises, the Department may transfer an Intern to another organization or cancel university credit for the internship.

*INTENT TO INTERNSHIP FORM

Directions: Fill out the form and submit it by October 1st of the senior year. Current resume must accompany your application.
Please Note: Applications are to be returned to the CDCC, office 206.
1. Name: _____________________________________________________
2. Phone number/email address: _____________________________________________
3. Major: _____________________________________________________
4. Date of internship: __________________________________________________________

5. Please list 1-3 places where you would like to intern:
   a. ________________________________________________________________
   b. ________________________________________________________________
   c. ________________________________________________________________

6. List your internship advisor: ____________________________________________

7. Please list your areas of interest according to your major field.

– Students will be able to demonstrate knowledge and skills necessary to establishment of relations in the framework of international organizations and companies.

Certification Program Education is not more than 5 years.

Credits on the studied discipline in the framework of the certification program can be graded to specialties in accordance with the KAZGUU University academic program within 5 years from the date of registration to the discipline. If this period has expired, the final mark in the discipline is not valid and the student has study it again to obtain credits in the discipline.

MINOR IN BUSINESS AND MANAGEMENT ACCOUNTING

PROGRAMME DESCRIPTION
Managers use the provisions of accounting information in order to better inform themselves before they decide matters within their organizations, which aids their management and performance of control functions. Minor in management accounting gives a student an opportunity to be prepared for the position which may involve managerial decisions. Students will be able to utilize different tools and techniques to manage and control the company’s performance.

At the end of the program students should be able to:
- Use strategic planning and control models to plan and monitor organisational performance.
- Assess and identify key external influences on organisational performance.
- Identify and evaluate the design features of effective performance management information and monitoring systems.
- Apply appropriate strategic performance measurement techniques in evaluating and improving organisational performance.
- Advise clients and senior management on strategic business performance evaluation and on recognising vulnerability to corporate failure.

The program is divided into two modules upon the completion of which as well as successful passing of applicable exams at the end of each module students will receive a Certificate in Business Accounting and a Diploma in Management Accounting.

**ENTRY REQUIREMENTS:**
- Student should be a 3rd or 4th level student of KAZGUU University.
- Student should finish 6 core courses for Certificate in Business Accounting and 6 core courses and 6 required elective courses for Diploma in Management Accounting.

**EXIT REQUIREMENTS:**
- Student should earn 54 credits or 88 ECTS.
- Minimum level of GPA required to graduate from the programme is 2.67.

*If student doesn’t meet exit requirements he will not be able to receive the certificate.*

Internship in Hotel (after completion of the TUR3209, TUR3311, TUR4318, TUR3208)

Internship in Hotel
The purpose of the internship programme is to provide the student (future professional) with a wide-ranging practical experience in a setting where learning is the primary objective of the experience.

Certification Program Education is not more than 5 years.

Credits on the studied discipline in the framework of the certification program can be graded to specialties in accordance with the KAZGUU University academic program within 5 years from the date of registration to the discipline. If this period has expired, the final mark in the discipline is not valid and the student has study it again to obtain credits in the discipline.

**MINOR IN INFORMATION TECHNOLOGY**

Information Technology is used in every field from biology to economics. It is transforming the way business and society operates. Having advanced IT skills will help students become better professionals by performing their jobs more effectively. The Minor in Information Technology can offer students the opportunity to attain essential IT knowledge and skills that will give them an advantage in the chosen field of study. The minor provides students with advanced knowledge and skills in programming, data science, mobile and web technology, and explores the application of these skills in different areas.

At the end of the program students should be able to
- make effective use of IT in their chosen career field
- distinguish themselves from the competition
- explore opportunities offered by the IT field
- adapt to rapidly changing technologies

**Entry requirements:**
- Do not have any

**Exit requirements:**
- Student should earn 15 credits or 25 ECTS
- Minimum level of GPA required to graduate from programme is 2.67
- If student doesn’t meet exit requirements she will not be able to receive the certificate

**Required Courses (15 credits)**

*Student should complete a sequence of 3 courses:*
- Managing technology and information (3 credits)
- The Art of Programming (3 credits)
- Introduction to Web Development (3 credits)

*And two of the following:*
- Introduction to Data Science (3 credits)
- Cross-Platform Mobile Development (3 credits)
- Advanced Web Development (3 credits)
- Introduction to Algorithms and Machine Learning (3 credits)

Certification Program Education is not more than 5 years. Credits on the studied discipline in the framework of the certification program can be graded to specialties in accordance with the KAZGUU University academic program within 5 years from the date of registration to the discipline. If this period has expired, the final mark in the discipline is not valid and the student has to study it again to obtain credits in the discipline.
DUAL-DEGREE (2+2) PROGRAMME

HSE undergraduate students have the opportunity to receive a partner university diploma along with a Kazakhstani one.

Participation Requirements:

• Successful acquisition of a certain number of credits in KAZGUU University
• GPA not less than 3.0
• English at least B2

Program Terms:

1. HSE students are obliged to pursue both local and partner university designed curriculum, which considers 3 different types of programs (3 + 1; 2 + 2; 1 + 3)
2. Students take entrance examinations in accordance with KAZGUU University admission rules
3. Mode of studying - full-time in KAZGUU University and in partner university
4. Program Graduates receive both diplomas: a diploma of KAZGUU University and a partner university diploma.

Partner Universities:

Groue Sup de Co
La Rochelle
Business School

SOLBRIDGE
INTERNATIONAL SCHOOL OF BUSINESS

JYVÄSKYLÄN AMMATTIKORKEAKOULU
JAMK UNIVERSITY OF APPLIED SCIENCES
PART V ACCREDITATION

HSE undergraduate programmes have been successfully accredited by FIBAA (Foundation for International Business Administration Accreditation):

- Accounting and Audit (Bachelor);
- Economics (Bachelor);
- Finance (Bachelor, Master);
- Management (Bachelor);
- Psychology (Bachelor);
- Tourism (Bachelor).

Unconditional accreditation from September, 30, 2016 till September, 30, 2021 has been announced at FIBAA website. FIBAA is a European, internationally oriented agency for quality assurance and quality development in higher education with twenty years of expertise. The Agency has a close relation to the business world - through its founder organisations, committees and experts.

AGCA (Association of Chartered Certified Accountants) has accredited the following HSE programmes:

- Finance (Bachelor);
- Accounting and Audit (Bachelor).

On receipt of the accreditation data undergraduate programmes are recognized by the nine courses of ACCA exams, which are taught in HSE.

ACCA stands for the Association of Chartered Certified Accountants a leading international accountancy body. The ACCA qualification is recognised and is treated in other countries as being equivalent to their local qualification. It is the largest and fastest growing qualification in the world, with over 500,000 members and students in 170 countries.
PART VI UNDERGRADUATE DEGREE PROGRAMMES

BACHELOR OF ECONOMICS AND BUSINESS WITH MAJOR IN ECONOMICS
(KAZGUU University, Higher School of Economics)

The Bachelor Programme in Economics is based on the international educational standards with focus on the local content. While designing the programme we took into account the State Compulsory Standards of the Republic of Kazakhstan; feedback from employers and other stakeholders; and HSE capacity.

The programme is oriented on developing students’ knowledge and skills in business micro and macro environment analysis as the most demanded by the regional labour market.

LEARNING OUTCOMES

Graduates of the programme will be able to:
- demonstrate writing and oral communications and computer skills;
- analyse and forecast current global trends and their impact on the economy of Kazakhstan on micro- and macro-levels;
- demonstrate a sense of responsibility;
- demonstrate leadership and efficient team work;
- comprehend and apply research methodology;
- evaluate key concepts of economics, finance, accounting, management, consumer behaviour and marketing;
- understand and integrate core business values;
- apply analytical skills to diagnose, evaluate, solve problems and find opportunities in business field and/or public sector; and develop recommendations;
- analyse macroeconomic policy and develop recommendations;
- independently collect, update and process relevant information.

Year 1

Required Courses:

12 Listed courses can be selected in any semester if prerequisites are covered.
BACHELOR OF ECONOMICS AND BUSINESS WITH MAJOR IN MANAGEMENT
(KAZGUU University, Higher School of Economics)

The Bachelor Programme in Management is based on the international educational standards with focus on the local content. While designing the programme we took into account the State Compulsory Educational Standards of the Republic of Kazakhstan; feedback from employers and other stakeholders; and HSE capacity.

The programme is oriented on developing competences for taking various and justified managerial decisions at international and Kazakhstani companies.

LEARNING OUTCOMES
Graduates of the program will be able to:
- demonstrate writing and oral communications and computer skills;
- demonstrate awareness of the global environment in which businesses operate as well as a national context;
- demonstrate a sense of responsibility;
- demonstrate leadership and efficient team work;
- comprehend and apply research methodology;
- evaluate key concepts of economics, finance, accounting, management, consumer behaviour and marketing;
- understand and integrate core business values;
- apply analytical skills to diagnose, evaluate, solve problems and find opportunities in business field and develop recommendations;
- apply best practices in management to develop business, operational and strategic plans, organize and monitor projects, manage resources, build teams and professional relationships;
- independently collect, update and process relevant information.

Year 1

Required Courses:

14 Listed courses can be selected in any semester if prerequisites are covered.
The Bachelor Programme in Tourism Management is based on the international educational standards with focus on the local content. While designing the programme we took into account the State Compulsory Educational Standards of the Republic of Kazakhstan; feedback from employers and other stakeholders; and HSE capacity. The programme is oriented on developing competences for taking managerial decisions at international and local companies operating in fields of Tourism and Hospitality. Within the academic programme students will be offered at least two additional professional certifications:

1. Abacus, Entry and Basic Levels (Abacus Central Asia, GDS)
2. Certified Tour Guide Programme (Astana Tourism Association, Kazakhstan)

**LEARNING OUTCOMES**

Graduates of the programme will be able to:
- demonstrate writing and oral communications and computer skills;
- demonstrate awareness of the global environment in which businesses operate as well as a national context;
- demonstrate a sense of responsibility;
- demonstrate leadership and efficient team work;
- comprehend and apply research methodology;
- evaluate key concepts of economics, finance, accounting, management, consumer behaviour and marketing;
- understand and integrate core business values;
- apply analytical skills to diagnose, evaluate, solve problems and find opportunities in Tourism Business and Hospitality and develop recommendations;
- apply best practices in management to develop business, operational and strategic plans, organize and monitor projects, manage resources, build teams and professional relationships;
- independently collect, update and process relevant information.

20 Listed courses can be selected in any semester if prerequisites are covered
ACCOUNTING

Course Code: ACC2201 ECTS: 5
Course Name: Principles of Accounting
Course Description: The course allows students to learn the role of an accountant, principles of double entry, stock count of property, plant and equipment, evaluation and preparation of a preliminary trial balance. Completion of this course will allow to: interpret primary accounting documents; reflect the business transactions in the accounts; evaluate long-term assets; prepare a form of financial statements.
Prerequisites: Principles of Economics (Foundation)

***

Course Code: ACC2202 ECTS: 5
Course Name: Introduction to Accounting
Course Description: The course is aimed at the orientation of students in the field of accounting, analysis and audit. Moreover the course discusses the ethical standards for an accountant and auditor professions. This course determines the role of accountants in the company’s management system, the application of accounting, the relationship with other business processes, and the content of international certification programmes in the field of accounting.
Prerequisites: Principles of Economics (Foundation)

***

Course Code: ACC3304, ACC3204 ECTS: 5
Course Name: Financial Accounting II
Course Description: The course is aimed at an in-depth study of IFRS and its practical applications. The course examines business combinations, the evaluation of financial instruments, investments in associated companies, investment property accounting, finance leases, impairment of assets, the effects of changes in foreign exchange rates, income taxes, procedures for financial statements consolidation. This course considers the key provisions for the exam F7: Financial Reporting ACCA.
Prerequisites: Financial Accounting I

***

Course Code: ACC2203, ACC3203 ECTS: 5
Course Name: Financial Accounting I
Course Description: The course covers procedures for accounting of cash and cash equivalents, account receivables and other assets, inventory, fixed assets, intangible assets, liabilities, recognition of income and expenses, capital and reserves, the preparation of financial statements in accordance with IAS. This course considers the key provisions for the exam F3: Financial Accounting ACCA, and exam F7: Financial Reporting ACCA.
Prerequisites: Principles of Accounting

***

Course Code: ACC3305 ECTS: 5
Course Name: Tax Accounting
Course Description: The course is aimed at studying the tax legislation in Kazakhstan and considering the formation of income and expenses to determine the amount of income tax. This course examines the organization of tax accounting and forms of tax reporting.
Prerequisites: Taxation, Financial Accounting I

***

Course Code: ACC3306 ECTS: 5
Course Name: Accounting Information System
Course Description: The course is based on the 1C: Accounting Software. It is a universal automation system, widely used in the practice of companies in Kazakhstan. The course is aimed at developing skills from the input of primary documents and accounting operations to production of analytical reports and the preparation of accounting and tax reports.
Prerequisites: Financial Accounting I

***

Course Code: ACC3307 ECTS: 5
Course Name: Managerial Accounting
Course Description: The course covers the topic of managerial decision-making. The course covers the subjects of cost management; cost accounting techniques, cost planning and analysis; the adoption of short-term management
decisions and long-term investment decisions; pricing; budgeting and control. This course considers the key provisions for the exam F2: Management Accounting ACCA, and exam F5: Performance Management ACCA.

**Prerequisites:** Principles of Accounting

---

### Course Code: ACC3308, ACC3208
**ECTS:** 5

**Course Name:** Audit

**Course Description:** The course is based upon International Auditing Standards theory and its practical implementation. The course theory includes subjects of audit planning, audit risk, testing of controls, audit evidence, substantive testing, analytical procedures and audit ethics. This course considers the key provisions for the exam ACCA F8 Audit.

**Prerequisites:** Financial Accounting I, Financial Accounting II

---

### Course Code: ACC4309
**ECTS:** 5

**Course Name:** Cases in Accounting

**Course Description:** The course is aimed to provide students with practical examples in the form of case studies on topics of accounting, both financial and managerial accounting. The course will also cover accounting theory, including revenue recognition, investment properties, contingent liabilities, leasing, etc. Completion of this course will allow to: read and review the case; prepare case analysis; prepare case presentation.

**Prerequisites:** Financial Accounting I, Financial Accounting II

---

### Course Code: ACC4310
**ECTS:** 5

**Course Name:** Cases in Audit

**Course Description:** The course is aimed to provide students with practical examples in the form of case studies on topics of audit. The course is aimed to study the practical basics of auditing, techniques and principles for the conduct of internal and external audit, procedures of the legal and regulatory documentation analysis used by auditors. Completion of this course will allow to: read and review the case; prepare case analysis; prepare case presentation.

**Prerequisites:** Audit

---

### Course Code: ACC4311
**ECTS:** 5

**Course Name:** Managerial Analysis

**Course Description:** The course is aimed at analysis of the company in order to make optimal management decisions for performance management. The course includes a qualitative assessment of the accuracy and completeness of the information; analytical interpretation of data by the main groups of users; assessment indicators of the costs, revenues and financial results to substantiate management decisions; monitoring, performance measurement and control of the company activities to identify untapped opportunities to increase company's competitiveness.

**Prerequisites:** Managerial Accounting

---

### Course Code: ACC4312, ACC4212
**ECTS:** 5

**Course Name:** Financial and Tax Reporting

**Course Description:** The course interprets the main provisions of the international financial reporting standards (IFRS) and International Accounting Standards (IAS). It is aimed at the formation and analysis of the separate and consolidated financial statements. This course examines the procedure for the formation of the tax statements. This course considers the key provisions for the exam F7: Financial Reporting ACCA.

**Prerequisites:** Financial Accounting I, Financial Accounting II, Taxation

---

### Course Code: ACC2213 - ACC4320
**ECTS:** 5

**Course Name:** Selected Topics in Accounting

**Course Description:** These courses will cover specific topics related to industries, instructors’ expertise and students’ field of interest and may serve as a basis in considering a transfer of the courses from other universities.

**Prerequisites:** Principles of Accounting
BUSINESS

Course Code: BUS2201, BUS 3201 ECTS: 5
Course Name: Business Communications
Course Description: The process of interaction with people is based on building communications, which are essential for the professional and social success. The main purpose of this course is to shape students’ understanding of the effective communications and their technics, as well as application of the knowledge and skills gained in their practical activity for managing social behaviour of individuals and groups.
Prerequisites: none

Course Code: BUS2302 ECTS: 5
Course Name: Introduction to Business
Course Description: This course will introduce students to the world of business and help prepare them for the economic roles of consumer, worker and citizen. This course will also serve as a background for other business courses students will take in further semesters, assisting with consumer decision making, preparing them for future employment, and help effectively perform their responsibilities as a citizen.
Prerequisites: none

Course Code: BUS2203, BUS3303 ECTS: 5
Course Name: International Business
Course Description: This fundamental course is designed to introduce the business decision-making process within the global markets. It will cover the following issues: cultural, political and legal environment in which international business operates; business applications of the theories of international economics; global financial and risk-related decisions and their assessments; basics of corporate strategy in a global environment. The completion of this course will help future specialists to comprehend key economic, political and social dimensions of international business and analyse and evaluate the global factors that affect business in the modern world.
Prerequisites: none

Course Code: BUS3204 ECTS: 5
Course Name: Business Ethics
Course Description: The course focuses on examining ethical issues within the future professional activity. To gain such an understanding requires to study topics such as the moral content of human action; recognizing and analysing ethical issues in various types of professional activity; understanding core business values and promoting ethical behaviour; the social responsibilities of modern businesses as well as ethics in a global context.
Prerequisites: Ethics and Philosophy

Course Code: BUS3205, BUS3305 ECTS: 5
Course Name: Entrepreneurship
Course Description: The course is required and does not have prerequisites. The aim of the course is to engage students in entrepreneurial activities through delivering a structured set of topics focused on developing business skills and technics. The course will present all aspects of launching a business: starting with the development of business idea and finishing with calculation of the cost of attracting customers. Through the use of up to date case studies students will discuss success stories and challenges of domestic and foreign start-up projects.
Prerequisites: none

BUSINESS JOURNALISM

Course Code: BSJ 2201 ECTS: 5
Course Name: Introduction to Business Journalism
Course Description: The course teaches students the basic methods and tactics of a business journalist, regardless of what format the final story will be produced. Students will learn how and where to find financial information and information about companies and how to transform this information into an interesting story. This course instructs students how to understand what is going on at big and small companies and to report and write articles about these businesses in a compelling way. As business becomes more and more influential in the lives of everyday citizens, it is important for the media to become more aggressive in acting as a watchdog. More than any other beat, covering business
requires not only an understanding of complex numbers, but also the ability to use data and a compelling narrative to tell the reader something they need to know that will impact their wealth.

**Prerequisites:** none

***

**Course Code:** BSJ 2202  **ECTS:** 5  
**Course Name:** Introduction to Mass Media  
**Course Description:** The purpose of this course is to fulfill the academic requirements necessary to earn minor or an associate degree, or to provide personal enrichment opportunities for students seeking an interdisciplinary course emphasizing the structure and influence of mass communication. This course will give students the tools for critically analyzing all media types so they can become more knowledgeable media consumers. They will be provided with information about how various types of media were developed, the roles they play in the mass communication and media landscape, and what it means for them in a digital media world. Students will examine journalism, entertainment, advertising and public relations, and will study general mass communication theories and laws affecting the media.  
**Prerequisites:** none

***

**Course Code:** BSJ 3304  **ECTS:** 5  
**Course Name:** Op-Ed  
**Course Description:** This workshop aims to help students acquire skills necessary to research, design and write op-ed texts. Op-ed texts are among main instruments of engagement with wider publics today. They also help professionals to improve their argumentation skills. Op-ed contributors engage in societal debates with an aim of public impact. Participants of the workshop will learn how to bring their best ideas and fresh perspectives on actual societal topics to the attention of public. Workshop will start with analyzing ingredients of best op-ed pieces and studying published op-eds in major international newspapers. In the second part of the workshop, students will be invited to draft their op-eds and submit it to discussion in the class. Through interactive class discussions and exercises, trainer and participants will together improve submitted op-ed drafts. At the conclusion of the workshop, participants are expected to have in hand op-ed pieces of publishable quality.  
**Prerequisites:** Introduction to Business Journalism

***

**Course Code:** BSJ 3301  **ECTS:** 5  
**Course Name:** Writing, Reporting, Editing  
**Course Description:** The goal of this course is to help students to start their journalist writing and acquire the fundamental skills that make one a good journalist: thorough and accurate reporting, clear writing, and understanding of one’s responsibilities to an audience and to colleagues. We will cover the foundational techniques such as interviewing, storytelling, fact-checking and short clear writing. Students will study different forms of articles (reports, news article, feature articles). The course explains the basic principles of reporting. It also discusses the techniques of news writing. While reporting, the reporter may encounter many pitfalls and problems, which are also discussed in this course. The course will consider in detail the requirement and need of editing in journalism. It will also tell the students about the editing procedures and different people associated with editing in newspaper organization like the sub-editor and the chief sub-editor. The course pays much attention to interviewing which is one of the most important forms of journalism. While following the current trends in the development of the media the course will discuss how the media are rapidly and constantly changing. To follow these developments, we will study creolization and convergent forms in contemporary publications.  
**Prerequisites:** none

***

**Course Code:** BSJ 3302  **ECTS:** 5  
**Course Name:** Media Literacy and Ethics  
**Course Description:** This course introduces students to important principles of media literacy and helps them develop the skills necessary to access, analyze, evaluate, and create media messages across multiple media domains. As a result of this course students will demonstrate knowledge of the basic tenets of media literacy and how media literacy relates to their personal media habits and professional development. Students will also develop critical thinking skills including fact checking to analyze and interpret...
media messages through an understanding of media practices and institutions. The course explores ethical principles and professional norms that students can employ in the practice of reporting. Students will develop their knowledge of theories and frameworks, gain knowledge of important journalistic failures and mistakes, as well as emerging areas of professional challenge, and learn how to apply this knowledge during reporting, publication and audience engagement processes.

Prerequisites: none

**CORPORATE AND BUSINESS LAW**

Course Code: CBL3301 ECTS: 5
Course Name: Corporate and Business Law
Course Description: This course equips students with discipline-specific and transferrable skills that are particularly valuable to businesses, professional practices and regulatory bodies. Students will have opportunity to analyse the effectiveness of corporate and business law in its economic, financial and global context. The course will cover the entire life-cycle of a corporation.

Prerequisites: Principles of Law / Theory of State and Law

***

Course Code: TP 2206 ECTS: 5
Course Name: Labour Law
Course Description: The course Labour Law aims to acquaint the student with the basic provisions of the science of labour law, the terminology used in this branch of law. Legal regulation of labour caused by the objective conditions of life of society. It is that part of the legal regulation of economic aspects of social life, in which hired labour finds its use. The course is intended to prepare legal professionals that require a deep theoretical knowledge and practical skills.

Prerequisites: HRM

**ECONOMICS**

Course Code: ECN1201 ECTS: 5
Course Name: Principles of Economics
Course Description: This course is developed to form basic skills of analysing economic situations and behaviour of economic agents. Completion of this course will allow to: navigate in current information flows and adapt to rapidly changing economic environment; analyse and evaluate on a basic level the social and economic information; plan and carry out own activity based on the results of this analysis; be able to work independently with literature on economic issues.

Prerequisites: none

***

Course Code: ECN1202 ECTS: 5
Course Name: Calculus/Mathematics for Business and Economics - I
Course Description: This course is aimed at developing mathematical apparatus for modelling, analysing and solving economic and business problems on a basic level. Course outline includes: linear and simultaneous equations; quadratic and polynomial equations; limits and inequalities; differentiation; partial derivatives; integration; matrix algebra; exponents and logarithms.

Prerequisites: none

***

Course Code: ECN2203 ECTS: 5
Course Name: Mathematics for Economics – II
Course Description: This course is aimed at developing the mathematical apparatus for modelling, analysing and solving problems in Economics. Course outline includes: univariate optimization; multivariate optimization; constrained optimization; probability theory; game theory.

Prerequisites: Calculus/Mathematics for Business and Economics – I

***

Course Code: ECN2204 ECTS: 5
Course Name: Microeconomics - I
Course Description: Microeconomics-I is an introductory course that teaches the fundamentals of economic theory on a micro-level, such as the consumer behaviour theory, the firm theory, the supply and demand analysis, the competition and market structures, externalities and basics of the welfare economics, rationality and full information. Students will comprehend and learn to analyse microeconomic concepts to
address theoretical issues and acquire basic economic thinking skills.

**Prerequisites:** Principles of Economics (Foundation)

### Course Code: ECN2205 ECTS: 5
**Course Name:** Macroeconomics - I
**Course Description:** Macroeconomics-I is an introductory course that teaches the fundamentals of macroeconomic theory: measuring GDP and cost of living; basics of economic growth theory; saving, investment, and the financial system; basic tools of finance; unemployment; monetary system and inflation; the Phillips Curve; AD-AS model; fiscal and monetary policy; basics of open-economy macroeconomics; international trade and comparative advantage theory. Students will learn to analyse and apply economic concepts and evaluate economic processes at the national level.

**Prerequisites:** Principles of Economics (Foundation)

### Course Code: ECN3306 ECTS: 5
**Course Name:** Microeconomics - II
**Course Description:** An intermediate level Microeconomics-II is an extension of Microeconomics-I, but at greater depth and with a greater reliance on graphical and mathematical analysis. The course will include the following topics: technology; profit maximization; cost minimization; duality; utility maximization and choice under uncertainty; competitive markets and game theory; time; assets markets; public goods; information; Microeconometrics and optimization models.

**Prerequisites:** Microeconomics - I

### Course Code: ECN3307 ECTS: 5
**Course Name:** Macroeconomics - II
**Course Description:** This course is developed for students with major in Economics to provide them with the opportunity to deeper understand the core macroeconomic models, and be able to use them in application to the real-world macroeconomic practices’ analysis. It will cover the following topics: Classical theory and economy in the long-run; monetary theories and inflation; labour market and unemployment; Keynesian theory and economy in the short-run; IS-LM model; the open economy and Mundell-Fleming model; AD-AS dynamic model; economic growth and Solow model.

**Prerequisites:** Macroeconomics - I

### Course Code: ECN2208 ECTS: 5
**Course Name:** Principles of Statistics
**Course Description:** The program presents the fundamentals of some quantitative techniques essential in financial analysis. The aim of the course is to introduce the basic concepts of probability and mathematical statistics, and development necessary skills to analyse economic and financial data. No financial analysis is possible without use of quantitative methods, and mastering them is crucial to be able to keep focus on economic background of the problem rather than technicalities. Selection of efficient quantitative techniques, performance of correct calculations, and provision of adequate economic interpretation of the results, all are integral parts of investment decision-making process, both in corporate finance and at financial markets.

**Prerequisites:** Principles of Economics (Foundation)

### Course Code: ECN2309 ECTS: 5
**Course Name:** Econometrics - I
**Course Description:** The course covers the basic concepts and tools needed for the econometric analysis and economic forecast. Students are supposed to get a general notion of the nature and scope of econometrics. The material contains the description of basic approaches to regression analysis with a focus on its application to economic issues. The topics covered include: simple regression analysis; residual statistics; hypothesis testing; multiple regression; alternate functional forms; dichotomous variables; properties of ordinary least-squares estimators; multicollinearity; heteroskedasticity; serial correlation.

**Prerequisites:** Principles of Statistics
**Course Code:** ECN3201 **ECTS:** 5  
**Course Name:** International Economics  
**Course Description:** This course offers an overview of various aspects of global economy. It investigates the phenomenon of globalization and seeks to provide understanding of today’s increasingly interdependent world. Since no longer is any nation’s economy insulated from developments that take place in other economies, understanding the on-going developments abroad and their impact on the domestic economy is therefore an important aspect of modern economics.  
**Prerequisites:** Microeconomics - II, Macroeconomics - II

***

**Course Code:** ECN3310 **ECTS:** 5  
**Course Name:** Econometrics - II  
**Course Description:** This course is a continuation of the Econometrics-I especially designed for students majoring in Economics. It consists of the following topics: time-series models; forecasting with regression models; forecasting with ARIMA models. In addition, students will learn to use econometric software packages as tools of quantitative and statistical analysis to compute empirical results.  
**Prerequisites:** Econometrics - I

***

**Course Code:** ECN3311 **ECTS:** 5  
**Course Name:** International Trade  
**Course Description:** This course is an introduction to the theory of international trade with applications to current policy issues. The course is grounded in the belief that economic analysis is essential to understand modern world affairs. The graduation of this course will allow understanding, evaluating, and suggesting solutions to the important challenges Kazakhstan and the world face in the coming years. After completing of this course students will be able to: apply basic concepts of the international trade for the analysis of the world economy or/and the economy of a specific country; analyse and evaluate trade flows and policies of a certain country; evaluate current trends in international trade, behaviour of firms in a global economy, role of international organization, namely, the WTO; apply the principle of comparative analysis for two or more countries.  
**Prerequisites:** Microeconomics - II, Macroeconomics - II

***

**Course Code:** ECN3312 **ECTS:** 5  
**Course Name:** WTO: Policy and Current Trend  
**Course Description:** The WTO is the international organization through which states govern international trade and international economic globalization. Kazakhstan is currently accessing the WTO; therefore economists should be able to properly understand and evaluate its principles, policies and trends. This course will provide students with an insight of the WTO current trends such as the multilateral trade agreements; increasing practice of Member states to negotiate regional trade agreements (NAFTA, the EU, ASEAN and others); law of the WTO which is a complex set of rules dealing with trade in goods and services and the protection of intellectual property rights; etc.  
**Prerequisites:** International Trade

***

**Course Code:** ECN4313 **ECTS:** 5  
**Course Name:** Game Theory  
**Course Description:** This course seeks to introduce the basic tools of game theory and strategic decision making and evolve students’ analytical skills. The content will cover: simultaneously played games; sequentially played games; Nash Equilibrium: pure and mixed strategies; repeated games; Bayesian games and simple applications. Game Theory is widely used in several fields, thus, the course will outline some of its numerous applications, mostly in Economics.  
**Prerequisites:** Mathematics for Economics – II

***

**Course Code:** ECN4314 **ECTS:** 5  
**Course Name:** Industrial Organization  
**Course Description:** The course aims to familiarize students with the study of industrial organization which is principally the economic analysis of imperfectly competitive markets and their relationship to the firms’ structure. Unlike related Microeconomics and Game Theory
courses, the Industrial Organization concentrates on the real-world competition regulation. Upon completion of the course students will understand how competition impacts economic welfare and be able to analyse market models and interrelation between firms’ structure and conduct and economic welfare.

**Prerequisites:** Microeconomics – II, Game Theory

***

**Course Code:** ECN4315  
**ECTS:** 5  
**Course Name:** Cases in Economics  
**Course Description:** The objective of this course is to provide a deeper understanding of economic categories, laws and relations by examining and analysing specific cases. Cases include both a variety of economic problems (in mathematical and graphical interpretation), and particular empirical research which help to visualize how the economic theory works in practice. The completion of the course will allow students to consolidate the theoretical knowledge gained within the courses of micro- and macroeconomics, to acquire applied analytical and modelling skills, and skills of economic and statistical assessment of the models.  
**Prerequisites:** Microeconomics-II, Macroeconomics-II, Econometrics-II

***

**Course Code:** ECN4216  
**ECTS:** 5  
**Course Name:** Global Economy  
**Course Description:** The course is about the world environment of business addressed at a global, national and regional level. It looks at the modern concept of globalization, various aspects of global economy within the field of economic geography and its linkages to related issues of resources, development, international business and trade, the MNCs and government policies affecting the internationalization of business. The course reviews the major economies of the world, their participation in the globalization process and a range of international economic institutions.  
**Prerequisites:** Principles of Economics (Foundation)

***

**Course Code:** ECN4317  
**ECTS:** 5  
**Course Name:** Selected Topics in Economics  
**Course Description:** These courses will cover specific topics related to industries, instructors’ expertise and students’ field of interest and may serve as a basis in considering a transfer of the courses from other universities.  
**Prerequisites:** TBC

**FINANCE**

**Course Code:** FIN2301, FIN2201  
**ECTS:** 5  
**Course Name:** Principles of Finance  
**Course Description:** The purpose of this course is to develop the analytical skills for making corporate investment and financial decisions and risk analysis. Topics covered include the concept of present value and the opportunity cost of capital, discounted cash flow analysis and other valuation techniques; and issues short- and long-term financial management, risk and return, the CAPM model; planning capital investments, risk analysis and other concepts, theories.  
**Prerequisites:** Principles of Economics (Foundation)

***

**Course Code:** FIN 2202, FIN 2302  
**ECTS:** 5  
**Course Name:** Financial Ratios Analysis  
**Course Description:** The course will provide students with the knowledge in financial and accounting information, financial forecasting, mechanics of capital markets and valuation. After completion of the course students shall be able to find the indicators defining company’s financial performance and shall understand fundamental concepts related to business practices and financial reporting.  
**Prerequisites:** Principles of Accounting, Principles of Finance

***

**Course Code:** FIN3303, FIN3203  
**ECTS:** 5  
**Course Name:** Money and Banking  
**Course Description:** This course will introduce the theory of money, monetary policy, and overall regulation of the banking system by the Central Bank. In addition, the course gives a comprehensive understanding of the commercial banks’ activities in asset, equity, and liabilities management.  
**Prerequisites:** Principles of Finance

***
Course Code: FIN3204  ECTS: 5  
**Course Name:** Securities and Derivatives  
**Course Description:** This course covers theoretical issues related to securities and derivatives, capital markets, and market players. The overall aim of the course is to understand mechanics of capital markets and application of different techniques in the context of corporate decision making. Within given course students will gain knowledge and skills necessary to assess value and profitability of financial instruments and to analyse securities and financial derivatives.  
**Prerequisites:** Principles of Finance

---

Course Code: FIN 3205  ECTS: 5  
**Course Name:** Taxation  
**Course Description:** This course will allow students to attain a comprehensive understanding of taxation, features of taxes, role of taxes in a tax system, tax calculation and payment methodology. This course helps to obtain competencies in tax management within organizations and make full use of tax legislation.  
**Prerequisites:** Principles of Accounting, Principles of Finance

---

Course Code: FIN 3306, FIN 3206  ECTS: 5  
**Course Name:** Corporate Finance  
**Course Description:** The course provides an in-depth knowledge in corporate finance. It is aimed to develop skills in performing mathematical calculations to make effective financial decisions, diagnose the financial condition of a corporation and offer effective interventions to address issues. Within the course students will develop understanding and skills to operate dividend policy of a company, current expenses, current assets and reverse obligations, money, stocks, receivables, corporation risks.  
**Prerequisites:** Principles of Finance, Principles of Accounting

---

Course Code: FIN3207  ECTS: 5  
**Course Name:** International Finance  
**Course Description:** This course explores basic financial concepts, analytical techniques and introduces their application to international transactions. The course is based on studying global capital markets and general investment flows. The course develops overall understanding of financial instruments used in international finance such as futures, options, swaps, forwards and others.  
**Prerequisites:** Principles of Finance, Corporate Finance

---

Course Code: FIN3308, FIN3208, FIN4208  ECTS: 5  
**Course Name:** Financial Management  
**Course Description:** This course is based on a theory of financial management, its nature, functions, methods, basic concepts and indicators. The course gives an understanding of the essential concepts of the financial management to develop and implement effective financial strategies and methods of increasing company’s market value. The purpose of the course is to develop students’ understanding of the shareholders’ value maximizing ways.  
**Prerequisites:** Corporate Finance

---

Course Code: FIN3309, FIN3209  ECTS: 5  
**Course Name:** Insurance  
**Course Description:** This course studies insurance sector and its regulation, the system of contracting, insurance payments and coverage, procedure for determining damage and insurance compensation. By the end of the course, students shall be able to calculate the main parameters of insurance statistics, analyse the financial activities of insurance companies and insurance industry.  
**Prerequisites:** Principles of Finance

---

Course Code: FIN3316  ECTS: 5  
**Course Name:** Islamic Capital Markets and Instruments  
**Course Description:** This course is examining the development issues and challenges, Shari’ah and regulatory framework as well as various components of Islamic Capital Markets. Course specific topics aim to delivery students latest knowledge including Risk management, Accounting and Taxation, Sukuk markets, Islamic
stocks, Islamic fund management, Islamic private equity and venture capital, Islamic derivatives, hedging and Islamic structured investment products. Students among other takeaways will learn to comprehend essential components of Islamic capital markets, understand investing through Islamic equity and Sukuk, understand regulatory and Shari’ah framework for Islamic capital markets.

Prerequisites: Principles of Finance, Principles of Accounting

Course Code: FIN3317 ECTS: 5
Course Name: Islamic Commercial Law
Course Description: “Islamic commercial law” is an introductory course to Financial Transactions in Islamic Jurisprudence as it relates to Islamic finance, the sources of the Islamic commercial law including the methodologies used to solve modern problems in Islamic finance related to Shari’ah compliance and the importance of the Shari’ah standards. The course is designed to develop students' understanding of the definition of the Islamic Finance, whether in the form of Banking, Insurance or Capital market segments, obtaining the knowledge and skills of the describing the salient features of Islamic Finance; illustrating how these features require the provision of different financial products to those supplied through conventional finance; explaining how Islamic Finance can satisfy financial needs without violating religious prohibitions.

Prerequisites: Principles of Finance, 2201 Principles of Accounting

Course Code: FIN3318 ECTS: 5
Course Name: Islamic Banking
Course Description: This course provides a comprehensive introduction to Islamic Banking and Finance, augmented with an analysis of the situation in Kazakhstan and the business potential for Kazakhstan companies. Students will learn about the Conventional Banking and Islamic Banking; Six Key Islamic Banking Principles; Islamic Banking products and services and their implementation: Murabaha, Musharaka, Ijara, Istsina’a, Salam etc.

Prerequisites: Principles of Finance, Principles of Accounting

Course Code: FIN4310, FIN4210 ECTS: 5
Course Name: Investment Management
Course Description: This course provides a comprehensive view on investment management: the significance of diversification in portfolios, factor models, such as CAPM, APT etc. and investment portfolios appropriate to investment objective. The course helps to build an understanding of the derivative instruments, stock analysis and modifications of portfolio risk to meet the risk tolerance level of an investor.

Prerequisites: Principles of Management, Corporate Finance, Securities and Derivatives

Course Code: FIN4311 ECTS: 5
Course Name: Cases in Finance
Course Description: The course is aimed to provide students with practical examples in the form of case studies on topics of corporate finance. Completion of this course will allow to: read and review the case; prepare case analysis; prepare case presentation.

Prerequisites: Financial Management

Course Code: FIN4312, FIN4212 ECTS: 5
Course Name: Financial Risk Management
Course Description: This course involves development of fundamental knowledge in the field of financial risk management, methods of risk assessment and risk minimization. Expected learning outcomes: ability to identify potential risks of a business, ability to identify factors influencing potential risks, assessment of risks and their impact on business operations and ability to operate with the “risk/return” ratio.

Prerequisites: Financial Management

Course Code: FIN4313 ECTS: 5
Course Name: Financial Analysis
Course Description: This course is aimed to develop necessary skills in obtaining and interpreting information from the financial statements of a company. The course allows application of specific analytical tools and methods in the analysis of company’s financial
performance with the aim of making rational managerial decisions.
Prerequisites: Corporate Finance/Financial Management

***

Course Code: FIN4314 ECTS: 5
Course Name: Financial Modelling
Course Description: This course is aimed to learn the fundamentals and practice building financial models using Microsoft Excel. Students will be introduced to both simulation and optimization models as well as various forecasting techniques. Intermediate level of competency in Excel required.
Prerequisites: ICT, Financial Management

***

Course Code: FIN4321 ECTS: 5
Course Name: Takaful – Islamic Insurance
Course Description: “Takaful – Islamic Insurance” is an introductory course to Islamic insurance as an important part of Islamic Finance industry which aims to introduce and deepen the knowledge of the principles and practices of Takaful. It ensures public order during the process of study and all events held in the building of the University.

DORMITORY. The University KAZGUU has students’ dormitory, which is discharged for 462 places, total amount of rooms are 105 (dorm for boys consists of 48 rooms; dorm for girls consists of 57 rooms). Also in the basement of the building there is a communal laundry room. The cost of living for one bed in month is 7 500 tenge (KZT).

For the placement to the students’ dormitory students have to present the following documents:
- application;
- documents, confirming his/her right to priority settlement.

Preferential right to the settlement to the dormitory of the University has the students who entered the first course in the current academic year and taken the highest score on the UNT. Among them the place in the hostel in first place is given to the following groups of people:
- 1 and 2 groups disabled;
- orphans; children without parental care;
– students from single-parent/with low income families, students from rural areas. The application is delivered on consideration to the Housing Committee of the University. Housing Committee is a collegiate body, which consists of staff of the University KAZGUU and deals with the housing problems of the students and staff of the JSC “University KAZGUU”.

**HEALTHCARE SERVICE’S** goal is to explore the relation between the students’ state of health and efficiency. The Healthcare Service’s objectives:
- to use a professional approach to the students’ health;
- to examine the general regularities in the development of the students' efficiency;
- to study the ways of managing the students’ psycho-emotional state by means of physical education.

**CATERING.** The University has five points of Catering, which offer an extensive range of products:
1. Students’ canteen (1st floor, total number of seats - 400) - serves home-made food, including dietary meals;
2. Canteen for academic teaching staff (0 floor, the total number of seats - 200) serves the general and dietary meals;
3. Cafe «Masito» (1 floor, the total number of seats - 20);
4. Coffee house "Hamster" (1st floor);
5. Student Pizzeria (4th floor, the total number of seats - 40).
Additionally, sale of snacks and drinks through vending machines is organized.

**SERVICES CONDITIONS FOR STUDENTS WITH DISABILITIES AND SPECIAL NEEDS.** KAZGUU provides educational opportunity to students with disabilities. Students and visitors with disabilities can use outdoor ramps equipped with handrails and non-slip cover. Besides, taxi for disabled people is available and people with private vehicles can use elevator located in the garage. The width of hallways, corridors, doorways classrooms and toilets for people with musculoskeletal system disorder and the wheelchair correspond to the requirements. Bathrooms located on the 1st floor are equipped with handrails and hooks for crutches. In order to move between the floors people with disabilities can use three passenger elevators. Special places for wheelchair users meeting all requirements are available in the auditorium, event hall, reading room and other places. University provides disabled people with desks of appropriate high.

**STUDENTS SUPPORT CENTRE** is focused on the development of a student’s personality. The department creates friendly environment and conditions, which may help a student to master all the variety of professional and social life in the future.
